OVERVIEW

Established and incorporated in 2008 by enterprising young professionals, the company sailed away ahead of the others by producing the most disciplined and competent seafarers and offshore workers for immediate deployment in key destinations worldwide. Making history of being recognized as one of the contributors to the restoration of the Gulf of Mexico's oil fields in the aftermath of Hurricane Katrina's wrath. The advent of green energy brought DNR to a new level of providing training and/or re-training of our skilled personnel to adapt to handling various projects on the renewable energy industry worldwide. Moreover, upon relentless prodding by a long time partner and eventual endorsement by the Board of Directors, the company's Human Resource Dept. in mid-2020 proceeded with the establishment of DNR Leisure to accept qualified applicants for hospitality services intended for deployment to international luxury cruises.
